Rosalie Milton Clinic

21 August 2023

Dear All

I have decided to withdraw my regular clinical practice at Rosalie Milton Clinic (RMC) as of the end of November 2023 to enjoy my family, and concentrate on my interests in Cattle Management with my son.

I wish to thank all my patients, for their support and trust over the last 46 years. I have always enjoyed working with you and have always felt valued.

I have become close to many of you and I am grateful for that.

Please be reassured that your continued care is at the forefront of the minds of those that remain in practice at the clinic. They will remain fully capable of continuing to provide the best possible care for you on an ongoing basis in my absence. All your notes and medical information remain available to practitioners at RMC.

Should you decide to seek medical care elsewhere, a copy of your file can be transferred upon your request, via your new GP's consent form. It will need to be sent to reception via email (reception@rosaliemc.com.au) .

I wish you all well.

Dr David R Brown
